

Servers for Managing the Network

Atomoo provides multiple appliance and server platforms to custom integrators for use with Atomoo’s remote monitoring and management solutions and services.

- On-premise server platform that connects into Atomoo’s hosted monitoring and management services
- Secure remote Windows desktop for support, diagnostics, and programming

Servers for the Home

All platforms are powered by the Windows Home Server operating system providing easy to use ways to share, store, and protect valuable data and media.

- Simple centralized storage of photos, music, videos, and data that is easily expandable
- Automatic daily backups for networked computers that are monitored by Atomoo

	Atomoo Appliance AMA100	Atomoo Home Server AHS400	Atomoo Rack Server AHS600
Processor	Intel Atom Dual-Core	Intel Core 2 Duo	Intel Core 2 Duo or Quad
Memory	1GB DDR2	2GB DDR2	2 or 4GB DDR2
Storage*	1x 160GB SATA hard drive	2x 750GB SATA hard drives Upgradeable to 4x 1.5TB	6x 1TB SATA hard drives Upgradeable to 9x 1.5TB
Interfaces	USB 2.0	USB 2.0, eSATA	USB 2.0, Firewire, eSATA
Optical Drive	DVD±RW burner	DVD±RW burner	DVD±RW burner
Network	Gigabit Ethernet	Gigabit Ethernet	Dual Gigabit Ethernet
Warranty	1-year warranty	3-year warranty	3-year warranty
Size	Mini PC small form factor 7.9" W x 3.8" H x 10.7" D	Mini tower small form factor 5.5" W x 10.2" H x 10.2" D	4U rackmount form factor 19" W x 7" H x 20.8" D

*Atomoo provides external storage drives and arrays for each server to expand disk storage capacity.

Recommended Use:	Appliance	Tower	Rack
Monitoring and management platform	✔	✔	✔
Lightweight backup (1 computer)	✔		
Multiple computer backup		✔	✔
Media server storage and backup		✔	✔
Custom application server			✔
